# FACULTY OF NURSING

University of Toronto  
50 St. George St., Toronto

# THE PREZ . . .

WHOOOPS . . . Wrong side up, Karen.

Now that's more like it!

The Student's Council 80-81 worked very hard to make your past school year more interesting and fun. I feel they did a terrific job bringing you successful pubs, a wine and cheese party as well as an informative Nursing Fair to mention a few. Each event this year was the result of the hard work and cooperation of a committee of students. If these functions are to continue to be successful and meet the varied needs of the student body each and every student must be "INVOLVED." Involvement is a dynamic process which exists on a continuum moving from listening to class rep's reports from student council; being aware of issues facing the council and contributing your ideas, to putting in an article regarding your interest area in an issue of the Pulse; to being an active member of council, the executive of Faculty Council. Remember, your involvement is a reflection of the success of your student council. Without it the council will fail to meet your needs and those of your fellow students.

I would like to thank the members of the 80-81 Executive and Council for their enthusiasm and support this year. To the 81-82 Council, good luck and may your year be even better.

I will miss the excitement and action on campus this fall. The very best of luck to all of you in the future!

*Karen Pfaff*

FNSC President 1980-81

It is a privilege and a distinct pleasure to me to have a share in the 1980-81 version of the student yearbook *Vivere*. It provides a record of important aspects of life in the University of Toronto; aspects which touch each and every one of us in special ways; aspects which go unrecorded except through the energy and creativity of the many who contribute to *Vivere*. To them goes much appreciation and commendation. The reward of their effort, reflected here, will markedly increase in value in years to come.

The Class of 1981 leave with very warm wishes from each of us at the Faculty. We hope for each of you much personal reward as you make your unique contribution to life. We look forward to continuing association with you.

# PARTY TIMES!!

In keeping with tradition, nursing social events were a real success! '80-'81 brought a group of enthusiastic frosh and upper classmen, many of whom generously gave time and effort towards working at pubs, the formal, wine and cheese party etc. Judging from fantastic attendance at pubs and crowded dance floors, spirits were high and nurses did not fail to meet their reputation of partiers!!! Many thanks goes to Heather and her social committee as well as the BFC (of course!!)

And that's before we open the doors . . . burp!!

# SHINERAMA - SEPTEMBER 13, 1980

On Saturday, September 13th, approximately 150 people stood in the freezing rain holding disintegrating money boxes for a good cause; Shinerama.

After planning since May for a successful campaign we ended up with wet feet, soggy posters and rain that refused to stop.

Despite the far from ideal shoe-shining weather spirits were high and shiners were eager to raise and encouragement supplied by various Toronto Van Clubs the shiners collected money all over Toronto. We only lost one group of shiners. It was beginning to look like they headed south with the money.

It was a very successful campaign although many potential shiners stayed home where it was warm and dry. From the collective effort of the Chiropractic College and the University of Toronto, the CF Foundation received \$13,000. Of that total five hundred dollars was collected from f!osh in exchange for their official U of T elevator pass. As they say, f!osh will always be f!osh.

Thanks to all those who helped organize the campaign and risked pneumonia standing in the rain. A special thank you to the few people who saved me from going insane while doing radio interviews and shoe-shining promotions the last week before the campaign.

I hope to see more people out next year to raise even more money. Let's start hoping now for good weather.

Thank you for "helping give a child the breath of life."

Sherry Pajari, Shinerama Co-director, 1980.

# MORE PARTY TIMES!!

It's show time folks!!

Practice makes perfect!

Can I have just this one?!

You'll pay how much for . . . ?!

"Old'timers" can't stay away!!

We should have been studying!

IT'S BEEN A FUN AND PROSPEROUS YEAR!

## SPORTS

If you happen to visit the lunch room, you will probably notice a large blue banner hanging on the north wall. This banner signifies that the Faculty of Nursing won the Marie Parkes Trophy for participation in intramural sports during the '80-'81 academic year. Congratulations to all you "jocks" who helped win the Trophy!

A special mentions goes to this year's sports rep., Becky Snyder, who has worked hard to improve the sports program at the Faculty. Via her enthusiastic efforts, more nursing students become involved with Faculty teams. Excellent work, Becky!

Pam Grogan (BI) made a good individual effort and placed second overall in intramural tennis singles.

VOLLEYBALL I

There were eight winners who received the Nursing athletic awards for the 80-81 year. BACK ROW: Phyllis Chong, Sharon Kovalchek, Anna Marie Flora, Marianne Mann. FRONT ROW: Becky Snyder, Clover Hemans, Teresa Pshynychny. ABSENT: Lori Button.

What would a team be without good coaching? These gentlemen are another reason why Nursing received the Marie Parkes Award.

# THE FORMAL . . .

## DATA

On the eve of March 27, 1981, the Faculty of Nursing presented "Nightcap '81." This year it was held along Lake Ontario's shoreline aboard Captain John's Flagship under the stars. The musical entertainment was provided by the Toronto Harbour band.

## ASSUMPTIONS MADE

1. Many students would finally prove they have a "touch of class."
2. All students would forget all the reading that they should have been doing.
3. No one would attend in a white uniform with a blue crest.
4. All faculty members would refrain from discussing the Theoretical Framework for the evening.

## HYPOTHESIS TO BE TESTED

Everyone attending had a spectacular time.

EVIDENCE!

Dining

Dancing

AND ROMANCING

## CONCLUSION

There appears to be significant evidence that all those attending had an unforgettable time at the formal . . .

# TOIKEN ENGINEERING SPREAD

Whether we like it or not, nurses have always been linked with Engineers. Their help at pubs and consumption of beer has often been a key factor behind the success of nursing pubs. The Band, the BFC capers and orientation all contributed to an enjoyable year! D.J.'s wouldn't be D.J.'s on Friday afternoons and Homecumming wouldn't have existed without those memorable fellows! ## OUR REPRESENTATIVES

Junior - Julia Stockhauser

Senior - Marianne Mann

C.U.N.S.A.; what is that? Well this year the students at U of T became more aware of C.U.S.A. There were some 20 members who took turns at providing new information on the C.U.N.S.A. bulletin board. They helped to make more students aware of the role C.U.N.S.A. has in the professional aspect of nursing, the law and nursing and how C.U.N.S.A. can help to make recommendations toward our education.

There was also some fundraising done to help send students to Edmonton, Alberta for the National C.U.N.S.A. Conference. Lori Cornish, Kathy Duvnjak, Ann Gelsheimer, Dawn Lemieux, Sandra MacMillan, Mary-Jane MacNalley, and Julia Stockhausen enjoyed and learned from the conference on "Sexuality in a Professional Nursing Focus."

BACK: Lori Cornish, Julia Stockhausen, Cathy Duvnjak, Marianne Mann.  
FRONT: Sandra MacMillan, Dawn Lemieux, Mary-Jane MacMalley, Anne Gelsheimer.

Next year we are hoping the interest will continue here at U of T and we can have a large delegation attending the conference in Hamilton at Mac-Master University.

## FROM THE EDITOR . . .

As the outgoing editor of *Vivere*, I would like to express my sincere thanks to all those who contributed to the 1980-81 *Vivere*. Without your dedication to all this hard work we would have nothing but blank pages. To the future editors of this yearbook I wish the best of luck and I hope they enjoy their editorship as much as I have.

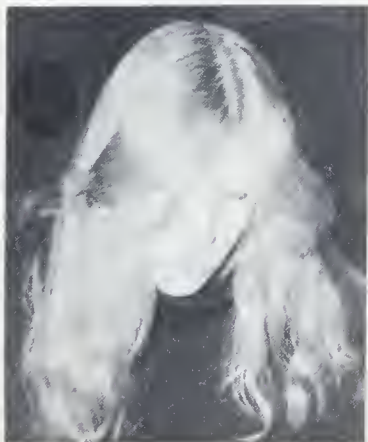

Sincerely

*Mary McAllister*

## CLINICAL . . .

No matter what you do after graduation, it is doubtful you will ever forget your clinical training. The memories of your first bedbath, your first IM injection and of course, your first enema will live on in your mind as golden moments to be cherished a lifetime. Your worst enemy was your alarm clock that rang every clinical morning without fail. Finally, there was the goal of every clinical engraved in our minds: improve the patient's sense of wholeness . . . without killing him first.

Look girls, You've got to stop dropping these babies.
